REHAU  
QUALITY WINDOW  
DESIGN

Windows

Upgrading your windows is one of the best ways to enhance your home.

We understand that quality, style and security are important in your choice.

## Benefits of PVCu Windows

- Stylish
- Secure
- Hardwearing
- Improves insulation
- Reduces heating bills
- Low maintenance
- Noise reduction

## Window Styles

Choose from our modern range of window styles:

- Casement windows
- Run through sash horns
- Vertical sliders
- Tilt and turn
- Bay and bow windows
- Arched or angled

## Energy Efficient Windows

Our windows can be provided with a Window Energy Rating (WER) of A, B or C.

All energy rated windows help to conserve and contain heat within your home, with A-rated windows being the most thermally efficient.
